# Q17 If funds were not an option, what ONE improvement would you like to see the school make?

Answered: 71 Skipped: 8

| # | RESPONSES | DATE |
|---|---|---|
| 1 | Expand the library and technology | 5/24/2023 10:15 PM |
| 2 | Sports for prek 4&5 and extra curricular activities. For fund raising I suggest instead of school photos why not MBA do like a year book school for each grade even for pre k kids. It will help them memorize and connect with their friends in future as they grow older. It would be a great opportunity for kids to save and go back to see the book after your child has grown older. | 5/24/2023 8:07 PM |

| 7 | expect all the teachers to be Christlike but especially when the student has made a mistake. It seems as if sarcasm and rudeness is acceptable with some staff (not all) if the student is in the wrong. I have higher expectations of the teacher who is fully developed & specially trained to teach young people who are still developing and growing. It's like fighting a losing battle when I'm trying to teach my child through their mistakes with biblical knowledge only for them to tell me the said something self righteous or sarcastic about the situation. | 5/24/2023 3:33 PM |

| 52 | This school has become a school for profit organization. Also need to apply the rules equally across all students. Quit quilting the students when it is the administration fault. Leadership needs to be changed. Your not actually accredited like you claim, you are on probation and have been for several years. Very disappointed in the last two years of this school and the path it has taken. We won’t be back next year and will not recommend the school in the future. Wake up and take a good hard look at yourself before it is too late. | 5/17/2023 10:59 AM |

| 61 | Stop making it difficult for students and parents who wish to live their lives with little or no influence from the internet. Instead of talking to parents we are ignored and expected to log on to the internet for information. Instead of telling a student what their homework is, some teachers expect the students to log on to renweb- we don't allow the evils of the internet to influence our daily home life so our children aren't cyborgs who are constantly interfacing with cell phones and computers. Pastor Carnahan has, in the past, recommended not having the internet to some of us because of the asy access it provides to things like pornography. But then the school -which is a ministry of the very same church- makes it impossible to NOT have the internet by requiring tuition be paid online in conjunction with the things I've already mentioned. Even this survey could have been printed and sent home instead of being required online. | 5/17/2023 9:57 AM |
